The N.C. Department of Transportation will hold a public meeting regarding the proposed extension of Northcross Drive from its end near N.C. 73 (Sam Furr Road to Westmoreland Road, about 1.2 miles). The purpose of this project is to improve the roadway network connectivity and provide an alternate north-south route for local traffic. Since the February 2017 public meeting, a preferred alignment has been chosen, shown to the right.

The public is welcome to drop in any time between 5 and 7 p.m. Please note that no formal presentation will be made. Detailed maps of the proposed design will be available, and the project team will be available to answer questions. **Please submit comments by January 5, 2018.**
